II. INSTRUCTIONS TO SUBMITTERS

Firms desiring to provide described Professional Services shall submit one (1) electronic copy of your firms Letter of Interest containing all of the requested information no later than the date and time listed on the cover sheet. Submittals delivered late shall not be accepted or considered. No exceptions will be made.

Government Forms Software: <http://submittals.myescambia.com/>

All information requested must be submitted. Failure to submit all information may result in a lower evaluation of the proposal. Letters, which are substantially incomplete or lack key information may be rejected by the County at its discretion. The selection of the short listed firms will be based on the information provided in the submittal.

The submittals shall be in the GSA Standard Form (SF) 330 format with two additional sections as described below. No other format will be acceptable.

Information submitted with your letter of interest should include documentation to demonstrate your firm's qualifications and abilities to provide the scope of services. The submittal should include sufficient information to permit a clear understanding of similar past projects, especially in Florida, staff experience and abilities, and any other additional, pertinent details to describe the team's capabilities.

A committee will review the information submitted and short-list the firms. On-site presentations and interviews will be requested of a short list of three or more firms. Once all review is complete, the short-listed firms will be ranked by the selection committee with the top ranked firm being scheduled for negotiations.

Award(s) resulting from this solicitation shall be subject to the provisions of Chapter 1-9-5, CONSULTANTS of the Ordinances of Escambia County and Procedure PP-250 VENDOR PERFORMANCE EVALUATIONS of the Purchasing Policies and Procedures of Escambia County.

The following policy will apply to all methods of source selection:

Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

- (a) Rejection/disqualification of submittal
- (b) Termination of contracts; or
- (c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

III. FIRMS' EVALUATIONS AND SELECTION

The County shall follow the procedures of the Consultants' Competitive Negotiation Act, Title XIX, Chapter 287, Section 055 of the Florida Statutes. The selection committee shall consider such factors as:

- | | Points |
|---|--------|
| 1. Experience with design of Highways or Roads and associated infrastructure. The firm's experience preparing roadway design and plans for Escambia County is a consideration. The firm should be familiar with the Florida Green Book, Escambia County Technical Specifications, FDOT Design Standards, FDOT Standard Specifications for Road and Bridge Construction, Federal Highway Administration, AASHTO, and MUTCD requirements. | 20 |
| 2. Experience with drainage design and basin studies. The firm's experience preparing drainage designs & plans for Escambia County is a consideration. The firm should be familiar with drainage basin studies and how such basin studies are performed. Does the firm have experience preparing drainage basin studies or drainage designs for Escambia County or other municipalities? Does the firm have experience modeling stormwater designs? | 20 |
| 3. Recent and current workloads. The firm's recent and current workload should be considered in the selection criteria, such as how many projects and how much the firm is currently under contract with Escambia County. How many projects are listed in the firm's response? How many projects are active? The intent of this selection criterion is to provide a fair distribution of projects without loading any one firm up with a majority of the projects. | 15 |
| 4. Ability to handle permitting and utility coordination. The firm shall be familiar with Environmental Resource Permitting requirements of the Northwest Florida Water Management District, as well as the requirements of Florida Department of Environmental Protection, and the Army Corps of Engineers. The firm's response should demonstrate such experience in their response. The firm should also be familiar with and have an understanding of the utility companies that may be impacted during the design and construction of the project. | 10 |

5. Past record and performance, background experience & technical expertise of firm & individual team members. Past records of performance shall be considered in the selection criteria. Consultant evaluation records should be of a positive nature. Any negative consultant evaluations reflecting poor performance should be strongly considered with a low ranking. The firms should also be ranked based upon the record of performance reflected in their response. A firm without any past Escambia County evaluation records should not reflect a poor score. Record of performance should be clearly documented in their response. The qualifications of the firm and individuals within the firm shall be considered with respect to the GSA Codes identified above for this project. The primary Civil Engineering discipline (function code 12), CADD Technician discipline (function code 08), and experience category for designing Stormwater Handling and Facilities (profile code S13) are a requirement of the firm. Firm needs to also have the capability to work with survey data provided by the County's Surveying Division having staff knowledgeable in surveying and CADD. Secondary GSA codes listed above should improve the firms ranking scores, but not all of the secondary codes are necessarily a requirement of the firm. 20

6. Ability to communicate effectively with County Staff, Contractors, or Residents, when required. The firm should have the ability to effectively communicate with County Staff concerning any issues that may arise during design or in the construction phase. The firm should have an understanding of general practices of construction to be able to communicate with the contractor in the event changes to the plans need to be made during the construction phase. The firm should have the ability to effectively communicate with the general public throughout all phases of the project when they express their concerns of the project. 5

7. Recognition, understanding, capability and resources to perform the services specific to the project. The firm's response should demonstrate a clear understanding of the scope of services for the project. The firm shall have the resources either within the firm or listed as a team member to address all aspects of the GSA Codes listed. Those firms with all in-house disciplines should receive a higher ranking, than those utilizing a team. 5

Award(s) resulting from this solicitation shall be subject to the provisions of Chapter 1-9-5, CONSULTANTS of the Ordinances of Escambia County and Procedure PP-250 VENDOR PERFORMANCE EVALUATIONS of the Purchasing Policies and Procedures of Escambia County.
