

THE COUNTY OF ESCAMBIA
PENSACOLA, FLORIDA
SITE PLAN DEVELOPMENT ORDER
with Concurrency Certification

Project: Little Flower Family Life Center
Location: 6495 Lillian Highway
Property Reference #: 35-2S-30-4200-000-000
Flood Zone: X

Future Land Use: MU-2
Zoning District: R-2 and R-6
Development Review #: 07040752

PROJECT DESCRIPTION

Construction of a 10,795 sq.ft. family life center as an addition to existing church and school facilities on a 6.5-acre parcel. The construction will include reconfiguration of some existing paved parking and the provision of additional spaces on site. One of two existing paved driveways on 65th Street will be removed and the second widened for 2-way access. On-site retention areas will be constructed to accommodate increased site impervious cover. Two "protected" trees will be removed from the site and preservation credits applied to mitigation. Parking lot trees and other required vegetation will be provided within site landscape areas. Potable water and sanitary sewer will be provided through connections to ECUA systems.

STANDARD PROJECT CONDITIONS

1. This Development Order with concurrency certification shall be effective for a period of 18 months from the date of issuance. Site plan approval and concurrency shall expire and become null and void if a permit for the approved development has not been obtained from the Building Inspections Department (BID) within the effective period and no extension has been applied for. After issuance of such permit, site plan approval and concurrency shall only terminate upon permit expiration or revocation by the BID. The Board of Adjustment may grant one extension for a maximum of 12 months to the original effective period of the Development Order, but application for such extension must be submitted before termination of the initial 18-month period. If the Development Order expires or is revoked, allocated capacity will be withdrawn and made available to other applicants. If the applicant chooses to proceed with development of the project site, a new site plan application must be submitted for review, approval, and capacity allocations subject to Code provisions and Level of Service conditions at the time of the new application.
2. This Development Order alone does not authorize site development to commence. A valid Escambia County Building Permit must be obtained prior to any building construction. Site development as described on the approved site plan, including protected tree removal and grading, may occur under the authorization of the Building Permit. However, commencement of such activity prior to issuance of a Building Permit will require a separate **Pre-construction Site Work Permit**, or if no Building Permit is applicable will require a separate **Parking Lot Permit**, obtained from the Building Inspections Department, with erosion control, tree protection, and all other provisions of the approved site plan fully applicable and enforced.

3. All specifications and requirements, expressed or implied by note or drawing, in the site development plans approved with this Development Order must be fulfilled.
4. All state and/or federal permits or proof of exemption must be obtained prior to the issuance of an Escambia County Building Permit, with a copy provided to the County; including, but not limited to, a FDEP drainage permit.
5. Proof of application from the Emerald Coast Utilities Authority (ECUA) for connection to the sewage system, or from the Escambia County Health Department for an Onsite Sewage Treatment and Disposal System (OSTD), must be obtained prior to issuance of an Escambia County Building Permit.
6. After issuance of this Development Order, it shall be unlawful to modify, amend, or otherwise deviate from the terms and conditions without first obtaining written authorization through the Development Review Committee (DRC) departments. Approval of such modifications shall be requested in writing and obtained prior to initiating construction of any requested change. The applicable review process for the proposed modification shall be determined based on the applicant's written description of such modifications. Escambia County may require submittal of a new or revised plan and impose additional requirements and/or conditions depending upon the extent of any proposed modifications. The applicant has a continuing obligation to abide by the approved plan. Initiating construction of plan modifications without written County approval shall automatically terminate and render null and void this Development Order, and shall be subject to penalties and/or increased fees specified by the BCC.
7. A copy of this Development Order and the approved site development plans must be maintained and readily available on site once any construction activity has begun, including clearing and grading. The approved building construction plans must also be on site once any building construction has begun.

SPECIAL PROJECT CONDITIONS

1. Prior to the issuance of a Certificate of Occupancy, the applicant shall construct a 5' sidewalk along the 65th Avenue frontage of this site. The construction of the sidewalk shall include 10' transitions around two existing power poles and provide a minimum of two feet of separation from the existing east edge of asphalt on 65th Avenue. Additionally, the applicant shall record a pedestrian easement along 65th Avenue to encompass the sidewalk.
-

Development Review Committee (DRC) Final Determination

Having completed development review of the **Little Flower Family Life Center** site plan application referenced herein, in accordance with requirements of applicable Escambia County regulations and ordinances, the DRC members make the following final determinations regarding the specific provisions they are individually charged with administering:

| | | | |
|--|---------------------------------|--|------------------------|
| <input type="checkbox"/> Approval | <input type="checkbox"/> Denial |  _____ Director, Planning and Zoning Department | <u>6/20/07</u> Date |
| <input checked="" type="checkbox"/> Approval | <input type="checkbox"/> Denial |  _____ Director, Engineering Department | <u>6-20-07</u> Date |
| <input checked="" type="checkbox"/> Approval | <input type="checkbox"/> Denial |  _____ Director, Neighborhood and Environmental Services Department | <u>6/20/07</u> Date |
| <input checked="" type="checkbox"/> Approval | <input type="checkbox"/> Denial |  _____ Director, Building Inspections Department | <u>6-20-07</u> Date |

In consideration of the individual determinations of the Development Review Committee members as recorded herein above, the final determination by the Committee for the site plan application referenced herein is:

- Approved** All DRC members approved the application. The applicant may proceed with the development subject to the project description and project conditions noted herein. Use other than that described, or conditions not satisfied, constitute a violation of this Development Order and render it void. Further, this approval does not constitute approval by any other agency.
- Denied** One or more of the DRC members denied the application. The applicant may appeal the members' decision within 15 days from the date above to the Board of Adjustment (BOA) under the provisions of Section 2.04.00 of the Escambia County Land Development Code, and/or submit a new or revised site plan application for review.
