

THE COUNTY OF ESCAMBIA
PENSACOLA, FLORIDA

PRELIMINARY PLAT DEVELOPMENT ORDER
with Concurrency Certification

Project Blue Ridge Oaks

Location Chelle Road

Property Reference # 13-1S-31-1100-001-044

Flood Zone X

Future Land Use. C

Zoning District R-2

Development Review # 06111928

PROJECT DESCRIPTION

Single phase subdivision of a 9.71-acre site for 9 single-family residential lots along a paved public street with curb and gutter. Development will include construction of a public wet stormwater pond. Potable water and sanitary sewer will be provided through connections to ECUA systems.

STANDARD PROJECT CONDITIONS

- 1 This Development Order with concurrency certification shall be effective for a period of 48 months from the date of approval. However, preliminary plat approval and concurrency shall automatically expire and become null and void if subdivision infrastructure construction plans, as applicable, have not been submitted to the County within 24 months of the date of issuance. If this Development Order expires or is revoked, allocated capacity will be withdrawn and made available to other applicants. If the applicant chooses to proceed with subdivision of the project site, a new preliminary plat application must be submitted for review, approval, and capacity allocations subject to Code provisions and Level of Service conditions at the time of the new application.
- 2 Within two years of the date of subdivision construction plan approval, or within two years of preliminary plat approval if there is no construction plan, an application for final plat approval shall be filed with the county.
- 3 This Development Order alone does not authorize all site development to commence. Upon approval of the preliminary plat, the developer may clear the proposed rights-of-way provided that all county, state, and/or federal permits governing the clearing activities and right-of-way locations have been obtained. Also, all required runoff and sedimentation controls must be provided on site.
