**HURRICANE DENNIS
POWER BRIEFING SHEET
As of 3 p.m., July 14, 2005**

The information below represents the best available information at the time of this release. Floridians are encouraged to contact their local authorities for additional information as it becomes available.

SUMMARY

Since Hurricane Dennis made landfall along Florida's panhandle on July 10, more than 226,245 customers have power restored. Close to 55,530 customers across 4 counties are without power.

Power outages are affecting approximately 52,566 Gulf Power Company customers and 2,964 cooperative customers.

At least 48 counties experienced power outages due to Hurricane Dennis. Power is now 100% restored across 44 counties and fully restored to Progress Energy Florida, FPL and municipal customers. Gulf Power Company reports that 95% of customers will have power restored by July 18.
