Escambia Neighborhood Renewal Initiative

Escambia County wishes to further encourage community and volunteer based redevelopment efforts within the local community redevelopment areas specifically designated to include Warrington, Englewood, Brownsville, Palafox, and Barrancas redevelopment areas. As an incentive, established neighborhood organizations may apply for grant assistance of up to \$5,000 through the Escambia County Community Development Block Grant (CDBG) Program for well defined projects that will promote neighborhood redevelopment. Applications requesting up to \$500 require no match, while requests \$501 and above will require a 50% match.

Applicant Eligibility

Neighborhood based organizations or affiliated groups which have been in existence for at least six (6) months, whose membership is made-up of residents or business representatives from the specific redevelopment area or individual neighborhood(s) within the redevelopment area shall be eligible to make application for the Neighborhood Renewal Initiative Grant. The neighborhood organization must: (a) serve as the primary applicant for the Neighborhood Renewal Initiative Grant, though partnerships with other groups or organizations are encouraged; (b) have a membership that is non-discriminatory and open to all citizens in the neighborhood (membership must be available to any resident or business owner/operator); (c) be formally structured with elected officers, including at a minimum a chairperson/president and a vice chairperson/ vice president; and (d) represent a distinct neighborhood or redevelopment area which can be clearly defined in the application. Organizations are not required to be a 501(c)3, but must be formally incorporated at the time of application. County staff will verify evidence of active corporation status through the State of Florida Division of Corporations before grant can be awarded.

A copy of Organization minutes approving the proposed project must accompany the grant application.

Grant Matching Requirements (for requests OVER \$500)

An eligible neighborhood organization must provide at least a 50% grant match for all requests over \$500. The grant match may include: cash; donations of materials, supplies or services; or volunteer hours (calculated at \$10.00 per hour, unless otherwise documented in the case of donated professional services, where you may use the hourly rate normally paid for this service). Professionals that donate their services cannot also receive compensation through the grant. Availability of the neighborhood Organization's project match must be documented in the project application. Volunteer hours must be documented on the attached "Certification of Volunteer Hours" or other similar form.

Further, it must be clearly demonstrated that any match, including volunteer hours, is specifically in support of the project and that it is available for contribution or expenditure during the term of the project. For example, if your proposed project is a neighborhood park improvement, then volunteer hours earned while planting plants and cleaning the park would count as a match, while hours spent on neighborhood watch would NOT count as a match for the same proposed project. Volunteer match hours can only be counted toward the renewal grant project during the project agreement period (not to exceed six months).

Project Eligibility

Projects should be beneficial to the neighborhood redevelopment area and its residents. Projects should be primarily undertaken on public property or in the public right-of-way, though improvements on private property may be considered on a case-by-case basis. Samples of eligible projects include:

- Small scale improvements to existing parks, recreation areas, or community neighborhood facilities (excluding routine maintenance and repairs);
- Beautification projects targeting neighborhood entrances to subdivisions, enhancements along redevelopment area commercial corridors, graffiti removal or such improvements designed to eliminate blighted areas in the redevelopment area;
- Signage such as neighborhood watch signs or entrance signs identifying the neighborhood;
- Neighborhood Watch supplies; or
- House numbers on curbs.

Ineligible expenses include, but are not limited to:

- Food or beverages
- Gasoline or oil
- Ongoing programmatic or administrative expenses
- Repairs to neighborhood watch vehicles
- Insurance
- Utilities, Phone, or Internet services

All projects must be completed within six months of the project start date.

Project Review and Selection

Project proposals submitted in accordance with the criteria established herein will be reviewed and ranked (as applicable) by a Selection Committee based upon: the quality of the project proposal; evidence of neighborhood support for the project; the amount, source(s) and availability of match documented by the applicant; the degree to which volunteers are utilized in carrying out the project; the demonstrated ability of the applicant to promptly proceed with implementation of the project upon selection for funding; and evidence of innovative or unique approaches to fostering neighborhood improvement.

Once a project is approved by the Board of County Commissioners, any proposed changes to the approved project must first be thoroughly explained in writing, with revisions clearly noted, showing evidence of association entity support. Any substantial changes to project proposal and budget may result in termination of agreement.

A neighborhood organization may be awarded no more than ONE mini-grant (\$500 or less) and ONE matching grant (>\$500) per calendar year. Neighborhood organizations that currently have an open Neighborhood Renewal Initiative Grant are not eligible to apply. Do not obligate or spend funds before the project is approved by the Board of County Commissioners.

Application Cycle

Escambia County and Neighborhood Enterprise Foundation, Inc. shall receive applications for the Escambia Neighborhood Renewal Initiative matching grant twice a year as funding permits. Applications for the SPRING funding cycle will be accepted beginning April 15th; the final deadline for the spring cycle is 4:30 p.m., April 29th. Applications for the FALL funding cycle will be accepted beginning October 14th; the final deadline for the Fall cycle is 4:30 p.m., October 31th. No applications will be accepted after the established deadlines.

An original and one copy of the application, marked “*ATTN: Escambia Neighborhood Renewal Project*”, must be submitted to: Neighborhood Enterprise Foundation, Inc., 3420 Barrancas Avenue, P.O. Box 18178, Pensacola, Florida 32523 by the stated deadline. Questions concerning the application process or requirements can be directed to Meredith Reeves Nunnari at (850) 458-0466.
