# **GENERAL INSTRUCTIONS/INFORMATION**

Key dates relating to the FY 2014/2015 budget development process are:

February 21 (Friday)	Distribution of Budget Preparation Manual		
March 3-10 (Mon. – Mon.)	Departments review Budget Manuals and Personnel Budgets with OMB		
March 31 (Monday)	Departments submit base budget requests		
May 1 (Thursday)	Departments submit goals, objectives, and performance measures		
May 1 (Thursday)	Constitutional Officers submit budgets (excluding Property Appraiser and Tax Collector)		
July 3 (Thursday)	Submission of County Administrator's Recommended Budget		
July 8-9 (Tues. & Wed.)	Budget work sessions with the BCC		
Sept. 3 (Wed.)	Departments submit re-budgets for Special Projects & Grants <u>only</u>		
Sept. 9 (Tuesday)	1st Public Hearing to adopt the Tentative FY 2014/2015 Budget		
Sept. 23 (Tuesday)	2nd Public Hearing to adopt the FY 2014/2015 Budget		

# Zero-Based Budgets

Budget Development will be framed around a Zero-Based Budgeting approach. Zero-Based budgets require departments to assume \$0 in funding then justify any dollars requested by account code. Revenue Forecasting should be conservative and Personnel Needs should represent salary increases as well as new positions.

The Budget will be developed from the following set assumptions used to develop the FY 2013/2014 Budget.

- 1. The County-wide millage rate, the Law Enforcement MSTU, and the Library MSTU will be held at FY 2013/2014 level.
- 2. Capital equipment is subject to the preparation and approval of a formalized replacement plan. No vehicles will be scheduled for replacement unless maintenance costs justify the replacement.

- 3. Training budgets will be subject to budget approval.
- 4. Enterprise Funds will stand on their own without subsidies from outside County Funds with the following exception: Debt Service, O & M and R & R in the Civic Center will be provided by the Tourist Development Tax Fund. Enterprise Funds will be charged an indirect cost of 5% of gross operating revenues. The EMS Fund will be evaluated for a direct cash subsidy from the General Fund.
- 5. Special Revenue Funds will not receive an increase in outside support from the FY 2013/2014 levels. Alternatives will be identified whenever possible for replacing existing support by the General Fund. Special Revenue Funds, including grants, will be charged a 5% indirect cost charge on gross revenues.
- 6. Insurance charges for life and health will be **\$9,000** per FTE, workers' compensation will be funded at the recommended State discounted rates, and property/casualty rates will be set to maintain positive retained earnings.
- 7. All departments operating vehicles serviced by the Escambia County Area Transit System (ECAT) maintenance department or the Department of Public Works, Fleet Management division should budget for labor charges in addition to charges for parts. The labor charge for both will be \$52.00/hour for County Depts. and \$57.00/hour for Non-County Agencies for FY 2014/2015. (Rate change may become effective at a later date.)

# **Goals and Objectives**

Department presentations for the Board should focus on their goals and objectives, program performance, service delivery and how the proposed FY 2014/2015 budget will provide the funding for their work program. Departments and Budget Analysts should be prepared to explain significant changes in budget requests such as organizational changes, one time costs, or changes in accounting treatment. However, most of the presentations will focus on the overall goals and objectives of the respective departmental work programs if at all possible. \*\*\*The template used for FY 2013/2014 for Goals, Objectives, Performance Measures and other required data will be used again this year. This template is on pages 13-14 and will be included in the forms file.

# Performance Measures

A performance measure is a quantifiable, enduring measure of public sector outcomes, outputs, efficiency, or cost-effectiveness. In general, measures in agency performance reports should be related to an agency's mission and programs, and they should not merely measure one-time or short-term activities. For example, development of a comprehensive capital improvement plan by 2015 is not an "enduring" measure of a department's performance.

Performance measures should:

- Directly relate to a department's goals and objectives;
- Measure the same thing over a period of time;

- Use data that will be available on a continuing basis;
- Show what change (difference) the department's actions will have on the target group or problem and;
- Use terms that are generally understood and clearly defined.

When submitting performance measures, attempt to include measures that reflect quantity as well as quality. A good example of a quantity-based performance measure may be the number of ditches cleaned in a year while a good example of a quality-based performance may be the number of work orders for ditch cleaning that have been backlogged or the average number of days before a work order is fulfilled. When submitting a new performance measure, include how the data will be gathered and the method used for tracking. Review performance measures with your Department Director before submitting them to OMB. **Benchmarking is now a requirement**.

# Personnel Services

OMB will provide a list of approved personnel for your department and will calculate the appropriate fringe benefits and retirement impacts. If changes are required, please complete the Payroll Change Form on page 44. If a new position is being requested, a list of the 2014/2015 FICA and Retirement rates are detailed on page 35 and the pay ranges and worker's compensation codes are listed on pages 36-43. New personnel positions should be submitted as part of an overall new program or program enhancement. The new program form is found on page 71. **\*\*Annual leave and MOB payouts will not be offered.** 

# Capital Improvement Program

The Capital Improvement Program (CIP) is a multi-year program for planning and financing public facilities improvements. The program is developed from departmental requests and is based on studies of financial resources available and consistency of proposed improvements with the adopted Comprehensive Plan policies. In order to update the necessary information for the CIP, the list of specific projects to be accomplished over the next five years need to be updated by the departments as part of the budgetary process. Please refer to the Capital Improvements Program section of this manual for the purpose, definitions and the capital outlay accounts that should be considered capital improvements regardless of the amount. <u>All capital projects and equipment equal to or greater than \$25,000 must be budgeted for Fiscal Years 2014/2015 through 2019/2020, and must include an estimate of the associated operating costs for five (5) years.</u>

# <u>Re-budgets</u>

The re-budget form must be <u>submitted by Wednesday, September 3, 2014</u> for <u>Special Projects and Grants not otherwise encumbered</u>. Do <u>not</u> include Re-budgets in the base budget request submitted for FY 2014/2015. These funds will be added to the budget at a later date. Eligibility as to which items will be allowed will be determined by OMB.

# Program Enhancements

Any additional personnel positions, increases in operating expenses or capital items other than routine replacements should be requested using these forms. Increases should be submitted as part of an overall new program or program enhancement request. The new or expanded program request must include an explanation of how the new or expanded program will help accomplish a department's goals and objectives. When using these forms, rank the importance of the request numerically along with all other departmental requests.

Remember to include all pertinent costs, cost savings and potential revenue streams as part of the overall request.

# Budget Schedule

The proposed budgets for County Departments are due **Monday**, **March 31**, **2014**, State Agencies, Outside Agencies and Constitutional Officers' Budgets except the Tax Collector and Property Appraiser are due on **Thursday**, **May 1**, **2014**. Capital Outlay Detail for Base Capital (Schedule B page 58) and Operating Detail (Schedule C page 52) are required for budget submission. **OMB must receive the Original Budget submission by the required deadline with a copy submitted to the appropriate Department Director**. Agencies' may wish to establish internal review deadlines prior to submission to OMB.

The proposed budget will be submitted to the BCC by Thursday, July 3, 2014. Budget workshops are scheduled with them on **Tuesday and Wednesday**, July 8<sup>th</sup> and July 9<sup>th</sup>.

# FY 2014/2015 Budget Calendar

Date	Activity	Participants
February 7 (Friday)	Budget Office and Departments Prepare Revenue Forecasts	Departments OMB
February 21 (Friday)	Budget Preparation Manual Distributed	OMB
March 3-10 (Monday - Monday)	Personnel Budgets to be sent out and need to be reviewed by Departments	Departments OMB

# **PERSONNEL SERVICES**

# PERSONNEL SERVICES

# 510 Personal Services Includes 11 through 25

Expenses for salaries, wages, and related employee benefits provided for all persons employed by the reporting entity whether on full-time, part-time, temporary, or seasonal basis. Employee benefits include employer contributions to a retirement system, social security, insurance, sick leave, terminal pay, and similar direct benefits as well as other costs such as Workers' Compensation and Unemployment Compensation Insurance.

## 511 Executive Salaries

Includes salaries for elected officials, and top level management, and if earned, qualification salary for elected officials. Only salaries for Constitutional Officers are budgeted in this account.

## 512 Regular Salaries and Wages

Employees who are or will be members of a retirement system as a condition of employment. Includes all full-time and part-time employees who are part of the regular work force.

## 513 Other Salaries and Wages

Employees who are not or will not be members of a retirement system as a condition of their employment. Includes all full-time and part-time employees who are not part of the regular work force.

# EXAMPLES:

Shift differential Relief employee salary

## 514 Overtime

Payments in addition to regular salaries and wages for services performed in excess of the regular work hour requirement. This includes all overtime for official court reporters and electronic recorder operator transcribers.

## 515 Special Pay

Includes compensation paid to employees for which no contributions shall be required and no benefits shall be paid under the provisions of the Florida Retirement System or any local government retirement system. This includes incentive pay for sheriffs, law enforcement officers and firefighters.

# EXAMPLES:

Tool allowance Firefighter Incentive pay for EMT/Paramedic Certification

# 521 FICA Taxes

Social Security matching/Medicare matching.

Note: Rate for FY 2014/2015 is 7.65%.

# **522 Retirement Contributions**

Amounts contributed to the State Retirement Fund.

Note: The following are the retirement rates to be used for the FY 2014/2015 Budget.

Regular Class	6.95%
Special Risk	19.06%
Special Risk Administrative Support	18.31%
County Elected Officials	33.03%

(Please note that the state normally releases new retirement rates in June or July and the budget will be adjusted accordingly.)

## 523 Life and Health Insurance

Includes life and health insurance premiums and benefits paid for employees.

## 524 Workers Compensation

Premiums and benefits paid for Workers' Compensation insurance.

Note: Job Titles and Worker's Compensation Codes are included in this manual for your reference.

## 525 Unemployment Compensation

Amounts contributed to the unemployment compensation fund.

Note: The Office of Management and Budget will input the Unemployment Compensation Budgets.

\*\*Annual leave and MOB payouts will not be offered in FY 2014/2015.

# **OPERATING EXPENSES**

# OPERATING EXPENSES ELEMENT AND OBJECT

# 530 OPERATING EXPENDITURES/EXPENSES

Includes 31 through 59

# 531 Professional Services

Legal, medical, dental, engineering, architectural, and other services procured by the local unit as independent professional assistance. Includes such financial services as bond rating, etc., where the service received is not directly involved with accounting and/or auditing. Also includes fees paid for competency and/or psychiatric evaluations and court appointed attorneys.

# EXAMPLES:

Medical Examiner Appraiser except for the purchase of land or building in which case it will be added to the cost of land or buildings Autopsy Service/Cremation Authorizations/Autopsy Referral Testing Drug Screening X-rays Vet Fees

Note: Professional services for design related to capital equipment, buildings or other improvements may not be included in this object code.

# 533 Court Reporter Services

Includes the costs of appearance fees and transcript fees for in-court proceedings, appeals, and depositions.

# 534 Other Contractual Services

Custodial, janitorial, and other services procured independently by contract or agreement with persons, firms, corporations, or other governmental units. <u>EXCLUDING</u> contracts or services defined under objects 531, 532, 533, 546, and 547.

# EXAMPLES:

Employee moving/relocation expenses Office moving expense Pest control service Alarm security service Security service Baker Act transports service Body removal service Use of computer services between departments/agencies Note: Contracts for equipment repairs must be budgeted under Repairs and Maintenance (54601).

# 535 Investigations

Cost incurred for confidential matters handled pursuant to criminal investigations.

# 536 Pension Benefits

Benefits paid to participants in the pension program.

#### 540 Travel & Per Diem

This includes the cost of public transportation, motor pool charges, reimbursements for use of private vehicles, per diem, meals, and incidental travel expenses.

\$46.00 per day/meals or Federal CONUS Rate, www.gsa.gov \$.56 per mile/www.gsa.gov Hotel costs

#### Note: Do not include registration fees.

#### 541 Communications

Telephone, cellular telephone, pagers, contracts for moving telephones, or other communications.

#### 542 Postage & Freight

This includes freight and express charges, postage, post office box rental and messenger services.

#### 543 Utility Services

Electricity, gas, water, waste disposal, solid waste fees, recycling, and other public utility services.

# 544 Rentals & Leases

Amounts paid for the lease or rent of land, buildings, or equipment. This would also include the lease of vehicles.

# EXAMPLES:

Uniform rentals Equipment rentals for repairs and maintenance Rental of road barriers Equipment rental for postage

Note: This account would not be appropriate for the lease/purchase of equipment. (See Principal, under Capital Outlay, Debt Service, and Reserves). (Principal payments would be charged to object code 571.)

# 545 Insurance

Includes all insurance carried for the protection of the local government such as fire, theft, casualty, general and professional liability, auto coverage, surety bonds, etc.

Note: Internal charges for insurance through the Self Insurance Property Casualty Fund will be provided by Risk Management Department and input into the budget by the Office of Management and Budget. Charges will be posted quarterly by the Finance Department automatically based on the adopted budget.

# 546 Repairs and Maintenance Services

The costs incurred for the repair and maintenance of building and equipment including all maintenance and service contracts. Does not include custodial or janitorial services which are recorded under 534.

# EXAMPLES:

Replacement of carpet Software maintenance Maintenance of Mailing Scales Maintenance of Grounds Tags & Titles Shrubs, Plants & Sod Equipment repairs/maintenance Cleaning of County-owned uniforms Vehicle Maintenance & Repairs

# 547 Printing and Binding

Costs of printing, binding, and other reproductions services which are contracted for or purchased from outside vendors. Also, includes charges for printing, etc., which is performed by an in-house print shop.

# EXAMPLES:

All letterhead, business charts and printed letterhead purchased through a print shop Business cards

Custom printed envelopes

# 548 Promotional Activities

Includes any type of promotional advertising on behalf of the local governmental unit.

# EXAMPLES:

Coloring books for children Candy for Santa on Fire Truck

# 549 Other Current Charges and Obligations

Includes current charges and obligations not otherwise classified. Used to record charges for legal and display advertisements.

# EXAMPLES:

Permits and exams Doc stamps & Recording fees Title Searches Legal Advertisements Bank service charges Indirect costs

# 551 Office Supplies

This object includes materials and supplies such as stationery, reprinted forms paper, charts, and maps.

# EXAMPLES:

W-2's, 1099's Desks & Chairs less than \$1,000 File Cabinets less than \$1,000 Copy machine supplies (Toner, paper)

Note: Letterhead, business charts and printed letterhead purchased through a print shop would be appropriated in Printing and Binding 547.

# 552 Operating Supplies

All types of supplies consumed in the conduct of operations. This category may include food, fuel, lubricants, chemicals, laboratory supplies, household items, institutional supplies, uniforms and other clothing (if purchased and not rented). Also includes recording tapes and transcript production supplies. Does not include materials and supplies unique to construction or repairs of roads and bridges.

# \*\* Fuel Price for FY 2014/2015 budgeting: \$3.85 per gallon

# EXAMPLES:

Film purchase and developing Computer software under \$5,000 and/or life less than 1 year Computer hardware under \$1,000 and all related expenses Excess Copies charges Purchase of phones less than \$1,000 for each unit Purchase of equipment less than \$1,000 per item Batteries for phones & radios Tags & Titles ID Badges

# 553 Road Materials and Supplies

Those materials and supplies **<u>used exclusively</u>** in the repair and reconstruction of roads and bridges.

# EXAMPLES:

Street markers and signs, hay, drums, grass and netting <u>used</u> for road repairs Purchase of road barriers Street Lights

# 554 Subscriptions and Memberships

Includes books, or sets of books if purchased by set, and not purchased for use by libraries, where books and publications constitute capital outlay. This object code also includes subscriptions and memberships.

# EXAMPLES:

Memberships Magazine/Newspaper subscriptions Notary application/registration

Note: Magazine/newspaper subscriptions must arrive at a County office address. Memberships must be on the approved membership list.

# 555 Training and Registrations

Includes professional data costs and training and educational costs.

# EXAMPLES:

Registration fees for training Tuition reimbursement (job-related)

Note: All registration fees for seminars must be appropriated under this object code.

# 558 Bad Debt

Used only by proprietary funds; the amount expensed for the allowance of un-collectible debt.

#### 559 Depreciation

Depreciation of general fixed assets should not be recorded in the accounts of governmental funds. Depreciation of general fixed assets may be recorded in cost accounting systems or calculated for cost finding analyses; and accumulated depreciation may be recorded in the general fixed assets account group. Depreciation of fixed assets accounted for in a proprietary fund should be recorded in the accounts of that fund. Depreciation is also recognized in those trust funds where expenses, net income, and/or capital maintenance is measured.

\* Please use one cost center per sheet, and place multiple accounts/object codes on a single sheet. \*\* Use separate sheet for capital expenses as normal.

# CAPITAL OUTLAY DEBT SERVICE AND RESERVES

# CAPITAL OUTLAY ELEMENT AND OBJECT CODES

Note: Any cost related to the asset incurred after its acquisition, such as addition, improvement or replacement, should only be capitalized if they provide future service potential (i.e. they extend the useful life or enhance the asset beyond its initial purpose)

# <u>561 Land</u>

Acquisition cost, easements, right-of-ways. Legal and title fees, closing costs, appraisal fees if purchased as part of the cost of the land.

# 562 Buildings

This object code includes all cost of design, site preparation and construction of all buildings such as: office building, fire stations, garages, jails, parks and recreational buildings. Only renovations that add structure to the building (such as new walls) will be included in 56201. Replacement carpet, painting, re-roofing and other repairs should be budgeted in 54601. Equipment with a shorter replacement life than the building, such as generators, should be budgeted in (Equipment) 56401.

NOTE: Any request for new construction, renovation of existing buildings and/or demolition requests must be submitted to Facilities Management as well as the Office of Management & Budget. However, Facilities Management is not responsible for estimating or budgeting the costs associated with the project.

# 563 Improvements Other Than Buildings

Structures and facilities other than buildings, such as roads, bridges, fences, landscaping, irrigation, parking lots, etc. to be individually projected by Departments/Divisions. This object includes all of the cost including design, installation and site preparation for these improvements.

# 564 Machinery and Equipment

All equipment over \$1,000, including office furniture/equipment, vehicles, heavy equipment, and specialty items. All cost associated with the delivery and installation of the equipment may be budgeted in this object code. Also includes court recording, duplicating, and transcribing equipment.

Vehicle Base Replacement Requests: All replacement vehicles must be detailed on the vehicle replacement worksheet and include age, condition, mileage or hours, the most recent 12 months repair costs and other justification as necessary to thoroughly detail the recommendation for replacement.

Vehicle Program Enhancement Requests: All Department/Divisions requesting a vehicle as a Program Enhancement will be responsible for computing vehicle cost and justification. Program Enhancement must also include estimated vehicle fuel (55201), repair (54601) costs and insurance costs.

# 565 Construction in Progress

This object is used in the Enterprise Funds only to account for undistributed construction projects that will be depreciated upon completion.

# 566 Books, Publications and Library Materials

Books over \$1,000 unit value and all books and publications for use by libraries. All other books, publications and subscriptions should be recorded in 55401.

# 568 Intangible Assets

Software, license agreements for software and other intangible assets which have a contract or life expectancy longer than a year and costs \$5,000 or more. If the cost is less than \$5,000 and/or has a life of less than one year should be recorded in 55201.

# DEBT SERVICE ELEMENT AND OBJECT CODES

# 571 Principal - Debt Service

Used to appropriate for reductions in all debt including lease/purchases.

# 572 Interest - Debt Service

Used to appropriate for all interest payments including lease/purchase interest charges.

# 573 Other Debt Service Costs

Used to appropriate for all costs of debt issuance and annual payments to paying agents.

# **GRANTS & AIDS ELEMENT AND OBJECT CODES**

# 581 Aids to Government Agencies

Include all grants, subsidies and contributions to other governmental units. Excludes transfers to agencies within the same entity.

# 582 Aids to Private Organizations

Include all grants, subsidies and contributions to private organizations.

# **RESERVES ELEMENT AND OBJECT CODES**

# 591 Transfers

Includes all transfers between funds which do not represent operating expenditures.

# 592 Advances

Includes advances to establish working capital and is expected to be returned when the fund is liquidated. Used to restrict funds on loan from one fund to another.

# 593 Nonoperating Interest

594 Nonoperating Grant Expense

595 Other Nonoperating Uses

598 Reserves

599 Other Uses

# **CAPITAL IMPROVEMENT PROGRAM**

# Capital Improvement Program

The Capital Improvement Program (CIP) provides a planned and programmed approach to utilizing the County's financial resources in the most responsive and efficient manner to meet its service and facility needs. The CIP serves as a "blueprint" for the future of the community. It is a dynamic tool, not a static accounting document. Development of the CIP requires the integration of financial, engineering, and planning functions.

**Definition** from Part II, Chapter 163:

(7) "Capital improvement" means physical assets constructed or purchased to provide, improve, or replace a public facility and which are typically large scale and high in cost. The cost of a capital improvement is generally nonrecurring and may require multiyear financing. For the purposes of this part, physical assets that have been identified as existing or projected needs in the individual comprehensive plan elements shall be considered capital improvements.

(38) "Public facilities" means major capital improvements, including transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks, and recreational facilities.

The CIP is developed to achieve the following results:

- Consolidating and coordinating all department requests with the goal of reducing unnecessary delays and coordinating the individual improvement programs of the departments;
- Establishing a system of procedures and priorities by which each proposal can be evaluated in terms of public need, the comprehensive planning of the area, the inter-relationship of projects, and cost requirements;
- Scheduling capital projects over an extended period so that the most efficient financial plan for the CIP can be achieved;
- Relating needed projects to existing and projected fiscal capacity; and

The CIP establishes the proper interface with the Capital Improvements Element as required by the County's Comprehensive Plan, adopted on October 10, 1993, which states:

The County shall formalize a process for the update and refinement of multi-year projections of fiscal resources such that a financially feasible schedule of capital improvements is maintained.

**163.3177.(3)(a)** The comprehensive plan shall contain **a capital improvements element** designed to consider the need for and the location of public facilities in order to encourage the efficient use of such facilities and set forth:

1. A component that outlines principles for construction, extension, or increase in capacity of public facilities, as well as a component that outlines principles for correcting existing public facility deficiencies, which are necessary to implement the comprehensive plan. The components shall cover at least a 5-year period.

2. Estimated public facility costs, including a delineation of when facilities will be needed, the facilities and the general location of the facilities, and projected revenue sources to fund the facilities.

3. Standards to ensure the availability of public facilities and the adequacy of those facilities to meet established acceptable levels of service.

4. A schedule of capital improvements which includes any publicly funded projects of federal, state, or local government, and which may include privately funded projects for which the local government has no fiscal responsibility. Projects necessary to ensure that any adopted level-of-service standards are achieved and maintained for the 5-year period must be identified as either funded or unfunded and given a level of priority for funding.

5. The schedule must include transportation improvements included in the applicable metropolitan planning organization's transportation improvement program adopted pursuant to s. 339.175(8) to the extent that such improvements are relied upon to ensure concurrency and financial feasibility. The schedule must be coordinated with the applicable metropolitan planning organization's long-range transportation plan adopted pursuant to s. 339.175(7).

(b) The capital improvements element must be reviewed by the local government on an annual basis. Modifications to update the 5-year capital improvement schedule may be accomplished by ordinance and may not be deemed to be amendments to the local comprehensive plan.

**163.3180. Concurrency** - (d) The premise of concurrency is that the public facilities will be provided in order to achieve and maintain the adopted level of service standard. A comprehensive plan that imposes transportation concurrency shall contain appropriate amendments to the capital improvements element of the comprehensive plan, consistent with the requirements of s. 163.3177(3). The capital improvements element shall identify facilities necessary to meet adopted levels of service during a 5-year period.

**163.3220. Florida Local Government Development Agreement Act-(13)** "Public facilities" means major capital improvements, including, but not limited to, transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational, and health systems and facilities.

Beginning with Fiscal Year 1995, adoption of annual budgets shall include a specific capital budget, which shall implement adequate funding sources and be consistent with the CIE. As part of the Budget Process Departments shall as part of the CIP submission, any CIE related capital improvement shall note: Meets or Exceeds LOS (Level of Service) and submit a short description as to how LOS is

met or exceeded. CIE relates to infrastructure-oriented projects in Escambia County, this is a mandatory requirement and required with all department submissions. <u>Specific questions regarding "CIE" should be addressed to Juan Lemos at 595-3467.</u>

The CIP shall embody and be consistent with the following:

- The maintenance of existing infrastructure, including renewal/replacement of worn-out facilities, shall be specifically projected and funding identified;
- Debt obligations shall be specifically identified and projected to ensure compliance with debt covenants, including coverage requirements;
- A debt management strategy and set of criteria which shall be based upon debt management principals;
- Maintenance of levels of budgeted and undesignated reserves adequate to serve sound public fiscal management purposes; and
- Equity of the uses of a revenue source relative to the populace generating the revenue.

The Capital Improvement Program includes all equipment in excess of \$25,000 per unit, land, buildings, and other improvements. The attached form must be completed in full for all capital improvements projects and equipment needs for FY 2014/2015 through 2019/2020.

\*\* Divisions that are required to complete the CIP forms are:

ECAT Engineering (Stormwater & Drainage) Parks and Recreation Solid Waste Transportation

# Five-Year CIP Schedule Requirements

The Schedule must include capital projects necessary to achieve and maintain LOS standards, reduce existing deficiencies, provide for necessary replacements and meet future demand during the time period covered by the Schedule. (See Rule (J-5.061(1)(a), F.A.C)

The Schedule must address the facility needs identified in other elements of the plan, for which LOS Standards must be adopted, facilities requiring concurrency: sewer, solid waste, drainage, potable water, parks and recreation, transportation (including mass transit) and schools.

- 1. **Project Description and Location** also includes a map indicating each project
  - a. Name of facility being improved or constructed
  - b. Limits of the project (from...to...)
  - c. Type of improvement (new roadway, widening, turn lanes, signals, etc.)
  - d. Phase (r.o.w, acquisition, PD&E, construction)

# 2. Demonstrated consistency with the elements of the Comp Plan

a. Cite the page number, table or policy in which the project is identified in another element as a deficiency, replacement project or designed to meet a future need

# 3. Project costs

 For roadway facilities, the FDOT has estimates but locally developed estimates must be justified and coordinated with FDOT for state roads

# 4. Revenue

- a. Existing funding sources projected revenue from existing funding
- b. Other revenue sources ad valorem taxes, bonds, state or federal grants
- c. Committed for the first three years and planned for the final two years

The Schedule must include certain public and privately funded projects when the government is not fiscally responsible, for example: water supply projects, public schools, MPO TIP projects, and those funded by the developer needed to maintain LOS Standards.

### CAPITAL IMPROVEMENT PROGRAM (CIP) – LEVEL OF SERVICE PROJECT REQUEST FORM DIRECTIONS

\* Please include funding documentation for each project i.e.: grant award letters, federal match documentation etc.

- 1. Department department and division responsible for the project development
- 2. **Date** the date the form is filled out
- 3. Contact person who should be contacted if there are any questions
- 4. **Phone** number to best reach the contact person directly
- 5. **Project Number** if there are multiple projects under one department they each need to be assigned a number for easy reference, assign the projects starting with <u>01</u> with the highest priority
- 6. **Location** an address or general location of the project and whether it is an existing facility or new facility
- 7. Level of Service / Project Description details of the project (provide additional documentation on a separate page)
- 8. **Justification** how will the project help achieve, maintain or exceed the Level of Service Standards? Is it consistent with the Comprehensive Plan?
- 9. **Data and Analysis** is the project **financially feasible** Year 1 thru Year 5? How so? Are there any projections, project costs and impact statements that support the project? (provide additional documentation on a separate page)
- 10. **Funding Source** Year 1 thru Year 3 need to have *committed* funding sources, which are guaranteed in an enforceable agreement. Years 4 thru 5 need to be *planned* funding sources i.e.: revenue or sales tax.
- 11. **Funding Amount** The amounts need to be financially feasible and shown to be *committed* and *planned* sources. (Explained in Step 9)
- 12. **Comments** Any additional information or reference to other documents. Also any alternative funding source can be added here.

If you have any questions, please contact Juan C. Lemos, Development Services Division at 595-3467 For specific information regarding the CIP element, see Chapters 9J-5.016 and 163.3177 F.A.C.
